Bible Study Overview

Lessons one through four are about learning to serve others.

- I follow Jesus and share Him with others.
- Jesus is everyone's Friend.
- I serve Jesus when I help meet others' needs.
- We serve God when we take care of others.

Lessons five through eight tell about ways God helps us.

- God gives me blessings, more than I can ask or imagine.
- God's grace is for everyone.
- God cares about all my problems.
- God helps us when we are in trouble.

Lessons nine through thirteen remind us that we are members of God's family.

- God helps me love my Christian family.
- When I obey God, I make the right choices in my community.
- God helps me to be faithful no matter what happens.
- God helps me to forgive others.
- God helps me care for my family.

God's grace. Grace is a word that helps explain God's love in action toward people who don't deserve it.

- Grace is God's love providing Jesus Christ as a sacrifice for our sins.
- Grace is God's love encouraging us to accept that sacrifice.
- Grace is God's love inspiring us to respond in praise and worship.
- Grace is God's love giving us the wisdom and strength to treat one another with love and respect, just the way He treats us.

So, welcome to *GraceLink*. God's grace is power. It's the unlimited, for-sure, forever power that finds you and fills you up with everything you need to live a full and wonderful life in Him.

To the leaders/teachers,

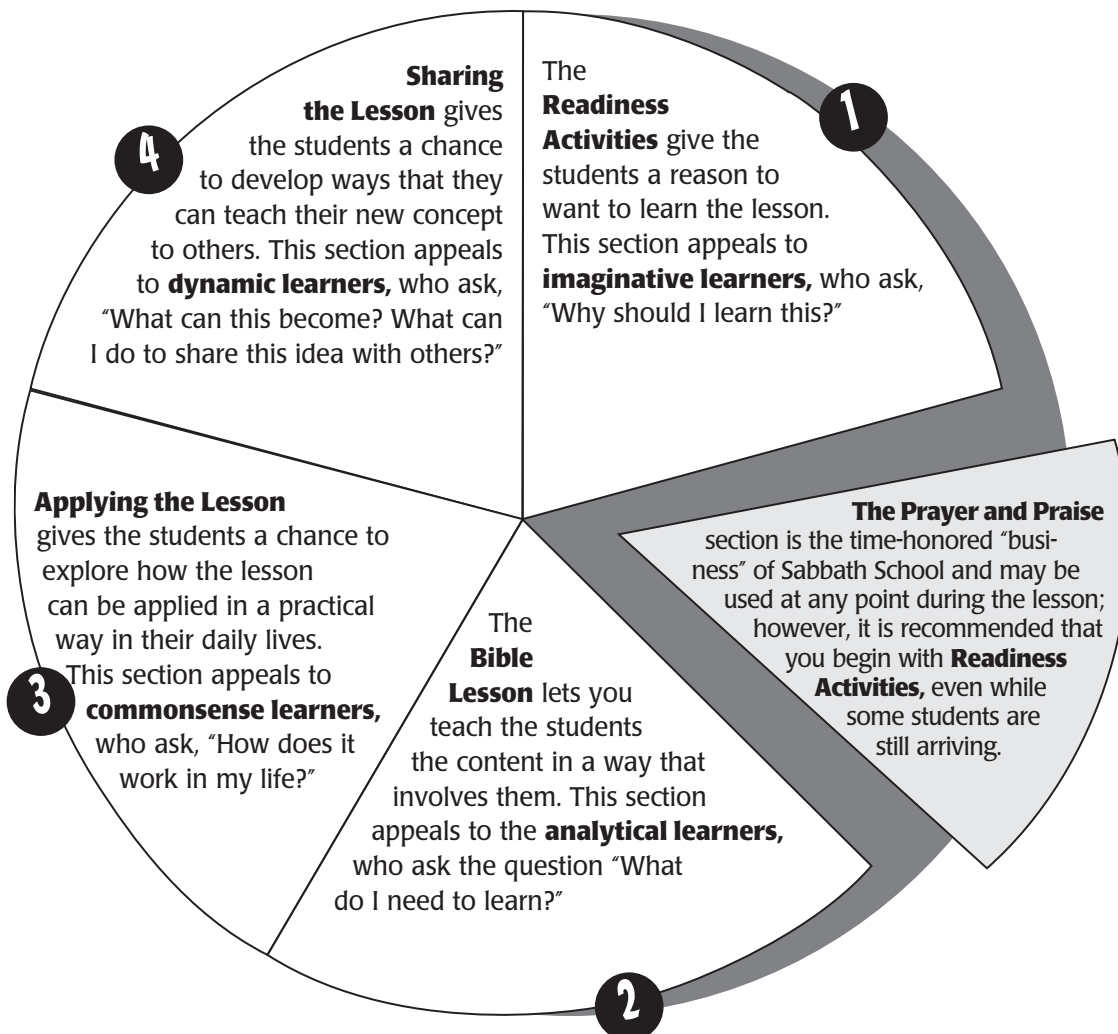

These guides were developed to:

A. Introduce the lesson on Sabbath, inspiring students to study that same lesson throughout the following week.

B. Focus the entire Sabbath School time on one message, one point about God's grace, the response of worship we make to that grace, or how that grace empowers our loving relationships with one another and our service to a world God's love created and sustains.

C. Give students active learning experiences so that they can more readily internalize the truths being presented. These experiences are followed by debriefing sessions in which you ask questions that lead the students to reflect on what they experience, interpret the experience, and apply that information to their lives.

D. Reach each student in the way he or she learns best. By following the natural learning sequence on which these outlines were based, you will also connect students with the message for the week in a way that will capture each one's attention and imagination.

E. Involve the adult Sabbath School staff in new and flexible ways. A very small Sabbath School can be managed by one adult.

A larger Sabbath School can be managed by one leader/teacher with other adult volunteers to facilitate the small group interaction. This gives small group

facilitators a maximum involvement with the students and their dynamic learning while requiring a minimum of preparation on the facilitator's part.

A creative alternative is to enlist leaders/teachers with different personal learning styles to lead different segments of the program.

(For more detailed information about the natural learning sequence, the learning styles, and other dynamics of teaching and learning, contact your conference Sabbath School or Children's Ministries directors.)

To use this guide . . .

Try to follow the natural learning sequence outlines, but adapt activities as necessary to make the program work in your particular situation.
